## DRILLING FLUID PRODUCTS

### DRILL PAPER

---

#### **PRODUCT DESCRIPTION**

Drill Paper is ground paper that can be used in all water-base mud systems to combat lost circulation.

#### **RECOMMENDED TREATMENT**

Drill Paper can be applied in concentrations up to 20lb/bbl in pill treatments or as an additive to the entire system. Drilling Paper can be mixed through the mud hopper or added directly to the mud pits.

#### **PRODUCT ADVANTAGES**

- Cost effective lost circulation material.
- Drill Paper is non-toxic, biodegradable, and contaminant free.
- Compatible with and complementary to other loss circulation materials.

#### **TYPICAL CHEMICAL SPECIFICATION AND PROPERTIES**

Physical Appearance	Light Grey
Specific Gravity:	NA
Flash Point:	NA
Solubility in Water:	Insoluble

#### **PRODUCT HANDLING**

Review all product specification and MSDS information prior to product application. Avoid inhalation and direct contact with eyes.

#### **STORAGE**

Store Drill Paper as needed. Avoiding over exposure to moisture is recommended.

#### **PACKAGING**

Drill Paper is available in 30lb. Additional packaging options available upon request.
